

The logo for SWEMAS, featuring the company name in a bold, white, sans-serif font on a dark blue rectangular background. A small, stylized white icon consisting of three parallel lines is positioned to the right of the text.

SWEMAS

**THE SUPPLIER TO THE
CRUSHING- & MINING INDUSTRY.**

WE SPECIALIZE IN WEAR- AND SPAREPARTS.

With over 35 years in the business, Swemas has above all specialized in wear- and spare parts. We also make repairs for both parts and complete machines. Manufacturing of spare parts is mainly done in our own workshop, which is equipped with modern machines. Our large stock enables quick deliveries.

WEAR- AND SPAREPARTS.

We store wear- and spare parts for many cone- and jaw crushers of the bigger brands. We can offer high quality wear parts in 14%, 18% and 21% manganese for newer and older crushers. In stock, for immediate delivery, we have all from spider bushings and main shafts to mantles and jawplates.

Our flexible workshop can also produce spare parts for break down /emergency needs if it´s not in stock.

We also have lots of other parts needed, all from screws and nuts to pumps for air- and oil supply.

PRODUCTION WITH HIGH QUALITY.

All spare parts are manufactured by using the latest technology in our modern workshop in Ludvika.

We have a wide range of spare parts in high quality with competitive prices. To ensure the quality of the wear parts in our foundry, the manufacture is controlled in every step from raw material to final product.

REPAIRS.

We renovate worn main shafts, bottom shells and top shells for all kind of crushers. Complete renovations of cone- and jaw crushers is made with guaranty.

Feel free to contact us with your request and we will help you find a solution.

Examples of repairs:

- Main shafts
- Top shells
- Bottom shells
- Eccentrics
- Jaws
- Bearing houses

QUICK DELIVERIES • HIGH QUALITY • GOOD SERVICE
